

1. C program to print Welcome to c programming
2. C program to print integer value
3. C program to print Float value
4. C program to print Double value
5. C program to print character
6. C Program to Print an Integer (Entered by the User)
7. C Program to Print an Float (Entered by the User)
8. C Program to Print an Double (Entered by the User)
9. C Program to Print an Character (Entered by the User)
10. C Program to Print Two Integers (Entered by the User)
11. C Program to Print one Integers and one float (Entered by the User)
12. C Program to Print Data type sizes
13. C Program to convert character to ASCII value
14. C Program to convert ASCII value to character
15. C Program to swap two numbers with using third variable
16. C Program to swap two numbers without using third variable
17. C Program to calculate sum of two numbers
18. C Program to calculate subtraction of two numbers
19. C Program to calculate multiplication of two numbers
20. C Program to calculate division of two numbers
21. C Program to calculate Remainder of two numbers
22. Write a C program to enter length and breadth of a rectangle and find its perimeter.
